**Streets.uk**

Innovate UK will invest up to £15 Million to support the development and adoption of sustainable technologies for the manufacture of medicines.

The aim of this competition is to drive innovation in sustainable medicines manufacturing across three key pillars:

- Green Chemistry
- Circularity
- Productivity and resource efficiency

## Proposal Requirements

Proposed manufacturing innovations are expected to support more environmentally sustainable manufacturing processes with significant and measurable improvements in at least one of the following areas:

- productivity
- waste reduction
- emissions reduction
- energy use reduction
- resource efficiency

Funding must be used to invest in innovation and drive disruptive and novel technologies in medicines manufacturing and can be a game changer for those manufacturers who are looking to tackle these challenges head on

## Eligibility

- Projects lead must be a UK based SME and carry out all work in the UK.
- Can include Industry partners, academia and/or an RTO.
- Large businesses must collaborate with at least one SME.
- Sub-contractors are allowed in this competition but must be UK based and the costs are limited.

## How can Streets help?

### Grant Search

The grants landscape is complex and wide, knowing what funding options are available for your projects can save you time and resources. We can understand your projects and business aims and identify the most relevant funding areas for your business.

### Bid Writing

Writing a grant application can be a time consuming and difficult process with very low success rates. Streets bring a unique understanding of the application process including eligibility requirements and the ability to create compelling applications to not only increase your chance of winning but also free up your time and resources to focus on core business activities.

### Project Scoping

Do you have an innovative idea and want to explore funding but need to accelerate your development and identify the risks within your project and any barriers to success alongside?

We can help you to develop those novel ideas into projects and establish the opportunity, the need and any gaps in capability.
